Energy Economics

Index to Volume 15
January, April, July, October 1993

Articles – titles

Electricity supply and demand, pricing

Capacity utilization and new source bias: evidence from the US electric power industry, *Timothy J. Stanton*, 15.1, 57–60
Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program, *G. Lafrance and D. Perron*, 15.4, 226–231
Forecasting weekly electricity consumption: a case study, *J. V. Ringwood, P. C. Austin and W. Monteith*, 15.4, 285–296
Hydroelectric rent and precipitation variability: the case of Norway, *Eirik S. Amundsen and Sigve Tjøtta*, 15.2, 81–92
Industrial energy use in Ontario from 1962 to 1984, *Douglas Gardner*, 15.1, 25–32
Nuclear power in Eastern Europe: learning or forgetting curves?, *Roland Sturm*, 15.3, 183–189
Ordered logit model for residential electricity demand in Korea, *Tae Yong Jung*, 15.3, 205–209

Energy demand and energy efficiency

Capacity utilization and new source bias: evidence from the US electric power industry, *Timothy J. Stanton*, 15.1, 57–60
Diversification of primary energy consumption in six West European countries: quantification and analysis by means of measures of concentration, *Leo van Hove*, 15.4, 239–244
An econometric analysis of residential expenditures on energy conservation and renewable energy sources, *James E. Long*, 15.4, 232–238
Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program, *G. Lafrance and D. Perron*, 15.4, 226–231
Energy forecasts for Western Australia 1992–2010, *Lee R. Charleson and E. Juerg Weber*, 15.2, 111–122
Environmental policies: market responses and incentives, *Homa Motamen-Scobie*, 15.2, 67–70
Industrial energy use in Ontario from 1962 to 1984, *Douglas Gardner*, 15.1, 25–32
Industry energy use and structural change: a case study of The People's Republic of China, *Jin-ping Huang*, 15.2, 131–136
Least cost selection of energy conservation measures for regulated gas utilities, *Vladimir A. Greenberg and Stuart L. Harshbarger*, 15.3, 166–175
Market barriers to energy efficiency, *Richard B. Howarth and Bo Andersson*, 15.4, 262–272
OECD oil demand: estimated response surfaces for nine world oil models, *Hillard G. Huntington*, 15.1, 49–56
Residential energy demand: additional empirical evidence by minority household type, *David A. Poyer and Martin Williams*, 15.2, 93–100
Short- and long-run elasticities in energy demand: a cointegration approach, *Jan Bentzen and Tom Engsted*, 15.1, 9–16

Energy–economy interactions

Conceptual energy and environmental problems of economic policy in the former USSR, *A. S. Nekrasov*, 15.4, 273–284
Effect of the 1973 oil price embargo: a non-parametric analysis, *Rajeev K. Goel and Mathew J. Morey*, 15.1, 39–48
Energy and economic growth in the USA: a multivariate approach, *David I. Stern*, 15.2, 137–150
Environmental policies: market responses and incentives, *Homa Motamen-Scobie*, 15.2, 67–70
Estimating shifts in real income and real spending, *E. W. Henry*, 15.3, 210–221
An evaluation of the effects of the tax on refined petroleum products in the Philippines, *Noel D. Uri and Roy Boyd*, 15.3, 154–165
Income and the recycling effort: a maximization problem, *Cynthia Saltzman, Vijaya G. Duggal and Mary L. Williams*, 15.1, 33–38
Long-term relationships of major macrovariables in a resource-related economic model of Australia: a cointegration analysis, *Charles Harvie and Tran van Hoa*, 15.4, 258–261
Market barriers to energy efficiency, *Richard B. Howarth and Bo Andersson*, 15.4, 262–272
A new model for sustainable growth in the energy industry, *Susan McFaddin and Maclyn Clouse*, 15.1, 3–8
Pigouvian penalty for oil spills, *Robert E. Kohn*, 15.3, 197–204

Energy and environment

An econometric analysis of residential expenditures on energy conservation and renewable energy sources, *James E. Long*, 15.4, 232–238
Conceptual energy and environmental problems of economic policy in the former USSR, *A. S. Nekrasov*, 15.4, 273–284
Environmental policies: market responses and incentives, *Homa Motamen-Scobie*, 15.2, 67–70
Least cost selection of energy conservation measures for regulated gas utilities, *Vladimir A. Greenberg and Stuart L. Harshbarger*, 15.3, 166–175

Energy modelling

Optimal participation rate under risk, *Michèle Breton*, 15.2, 101–104
Modelling energy technologies in a competitive market, *John F. Clarke and J. A. Edmonds*, 15.2, 123–130
Energy and economic growth in the USA: a multivariate approach, *David I. Stern*, 15.2, 137–150
An evaluation of the effects of the tax on refined petroleum products in the Philippines, *Noel D. Uri and Roy Boyd*, 15.3, 154–165
Reliability, risk aversion and the positive theory of public enterprise, *Rob Fraser*, 15.3, 190–196
Long-term relationships of major macrovariables in a resource-related economic model of Australia: a cointegration analysis, *Charles Harvie and Tran van Hoa*, 15.4, 258–261
A new model for sustainable growth in the energy industry, *Susan McFaddin and Maclyn Clouse*, 15.1, 3–8
Short- and long-run elasticities in energy demand: a cointegration approach, *Jan Bentzen and Tom Engsted*, 15.1, 9–16
Income and the recycling effort: a maximization problem, *Cynthia Saltzman, Vijaya G. Duggal and Mary L. Williams*, 15.1, 33–38

Energy pricing

Effect of the 1973 oil price embargo: a non-parametric analysis, *Rajeev K. Goel and Mathew J. Morey*, 15.1, 39–48
Energy prices and the aggregate production function, *David J. Smyth*, 15.2, 105–110
Estimating shifts in real income and real spending, *E. W. Henry*, 15.3, 210–221
An evaluation of the effects of the tax on refined petroleum products in the Philippines, *Noel D. Uri and Roy Boyd*, 15.3, 154–165
Income and the recycling effort: a maximization problem, *Cynthia Saltzman, Vijaya G. Duggal and Mary L. Williams*, 15.1, 33–38
Market information and price volatility in petroleum derivatives spot and futures markets, *S. M. Khalid Nainar*, 15.1, 17–24

Pigouvian penalty for oil spills, *Robert E. Kohn*, 15.3, 197–204

Oil and gas supply demand

A comparison of cost-based pricing rules for natural gas distribution utilities, *Christopher C. Klein*, 15.3, 176–182
Does a target-capacity utilization rule fulfil OPEC's economic objectives?, *Steven M. Suranovic*, 15.2, 71–80
Effect of the 1973 oil price embargo: a non-parametric analysis, *Rajeev K. Goel and Mathew J. Morey*, 15.1, 39–48
Energy demand impact of incentive programmes: a non-parametric analysis for the Canadian Oil Substitution Program, *G. Lafrance and D. Perron*, 15.4, 226–231
Energy forecasts for Western Australia 1992–2010, *Lee R. Charleson and E. Juerg Weber*, 15.2, 111–122
An evaluation of the effects of the tax on refined petroleum products in the Philippines, *Noel D. Uri and Roy Boyd*, 15.3, 154–165
Least cost selection of energy conservation measures for regulated gas utilities, *Vladimir A. Greenberg and Stuart L. Harshbarger*, 15.3, 166–175
Market information and price volatility in petroleum derivatives spot and futures markets, *S. M. Khalid Nainar*, 15.1, 17–24
OECD oil demand: estimated response surfaces for nine world oil models, *Hillard G. Huntington*, 15.1, 49–56
Pigouvian penalty for oil spills, *Robert E. Kohn*, 15.3, 197–204
Production-sharing contracts and decision-making in oil production: the case of Indonesia, *Purnomo Yusgiantoro and Frank S. T. Hsiao*, 15.4, 245–257

Public utility regulatory economics

A comparison of cost-based pricing rules for natural gas distribution utilities, *Christopher C. Klein*, 15.3, 176–182
Least cost selection of energy conservation measures for regulated gas utilities, *Vladimir A. Greenberg and Stuart L. Harshbarger*, 15.3, 166–175
Reliability, risk aversion and the positive theory of public enterprise, *Rob Fraser*, 15.3, 190–196
